

MAXIMUM DEVIATION RULE

Divisions with three officials will use the Maximum Deviation Rule. Since high and low scores are not dropped when three officials are used, the Maximum Deviation Rule has a similar effect of limiting the impact of a judge's score that is significantly higher or lower than the other judge's scores. This prevents a single score from being so high or so low that it controls the placing order.

When a form or other performance is ready to be scored, the Chief Official will say "Ready", then, "Check", at which point the three judges show their score to each other only (not to the competitors or spectators).

The center judge will then look at the 3 scores to determine which one is the middle score (for example, a 9.92, 9.96 and a 9.95 – the 9.95 is the middle score. The other 2 scores must be .02 from the middle score. So in the example the 9.92 must be upgraded to 9.93.

Other than this mandatory adjustment, a judge may not change his score. If no score is more than .02 higher or lower than the middle score, then there is no adjustment. After assuring that any necessary adjustment has been made, the Chief Official then says, "Score", and the scores to the audience, the competitors, and the scorekeeper as usual.

RELATIVE RANKING RULE

The Relative Ranking Rule has replaced the old "score-as-you-go" system in all divisions at all MSMAA tournaments. Since all competitors run their forms before anyone is scored, this system eliminated the possible disadvantage early-running competitors were subject to, and the scoring advantage last-running seeds may have enjoyed. In addition, it prevents judges from getting "boxed-in" by giving scores too high early on, and eliminated "scoring creep" where judges who starts with very low scores gradually raises his/her scores as the divisions progresses.

For the Relative Ranking Rule to operate properly, all judges must use the scoring worksheets provided in the ring boxes. As each competitor runs their form, they are given a place number relative to the competitor who has already run. For example, each judge gives the first competitor up a "1" next to his/her name on the worksheet. The next competitor gets a "2" if their form isn't as good; or if their form is better, they get a "1" and the first competitor get his "1" changed to a "2". The third competitor then gets a number that grades his form relative to the first two, and so on down the division. When all competitors have run, each judge's Worksheet will have all the competitor's names listed in the order they ran, but with numbers next to their names that reflects their place relative to one another.

The Center Judge will then allow up to two minutes for the judges to assign decimal scores to each competitor based on their relative ranking. Each judge decides how high to score his number "1" competitor – usually a 9.99 or 9.98 in the black belt divisions – and assigns that score to the top competitor. The number "2" competitor will be scored on-hundredth lower at 9.98 or 9.97 (or even lower if the judge feels there was a great gap between the number "1" and number "2" competitors). Number "3" will get a score at least on-hundredth lower than number "2" and number "4" will get a

score at least one-hundredth lower than number "3". This is done until all the competitors are ranked relatively to each other. None of the top four competitors ever receives the same score, and the top four scores a judge gives are only given once. A judge may give the same score to competitors he/she ranked as "5" or lower, though it is discouraged unless there are many competitors in the division and giving incrementally lower scores would take the lower-ranked competitors to scores that were undeservedly low. (Judges may prefer to use slash marks rather than numbers to rank each competitor: I, II, III, IIII and so on. By using this method you do not have to mark out or erase as often, you only add slashes.)

Once all judges are ready, the Center Judge will have each competitor step forward as his or her scores are announced, using the Maximum Deviation Rule procedure listed above.

The Referee's Power

1. The referee, would president and doctor are the only persons that can stop the bout.
2. The referee may deduct a point from a competitor leaving the fighting area 3 times in a bout.
3. The referee may disqualify a competitor for leaving the area on 4 occasions during the same bout.
4. The referee may deduct a point from a competitor for dissension after he has been already warned.
5. The referee may deduct a point from a competitor for dissension from his coach after he has been already warned.
6. The referee may deduct a point from a competitor for serious unsportsmanlike behaviour, by either himself or his coach.
7. The referee can disqualify a competitor if he does not turn up after he has been repeatedly called for his fight (usually one minute is allowed).
8. The referee can disqualify a competitor who turns up with improper safety equipment and cannot replace it in the time allotted (usually one minute is allowed).

What a Referee cannot do

1. The referee cannot disqualify a competitor for any reason other than those stated in the chapter above.
2. The referee cannot at anytime impose, change or alter any of the rules.
3. The referee cannot overrule any score by a judge unless that score is a minority one. (However, if a rule has been broken that the judge is unaware of, then they may be overruled).

Beginning, Interruption and End of Fights

A contest is refereed by a main referee and two side-judges, which are always standing opposite to him. The side-judges have to move during the fight and not stand on the same point.

Equipment Check:

The side-judges have to check the competitors' safety equipment. Each judge is responsible for the competitor at his end. He starts from the head to the toes. In the case of female competitors, the breast protector and groin protector are checked by asking only. This is also the case with the KIDS and the JUNIORS (complying with child safety laws).

If in case of an injury the competitor was found not to have the correct protective equipment he/she will be disqualified immediately.

The judge is also responsible for the following; that the competitor has no jewellery or metal and that the nails of toes are short. No glasses (spectacles) are allowed to be worn during a competition. There are no exceptions to this rule. This includes specially made unbreakable sports spectacles. Also no face shields on helmets. Soft contact-lenses are possible but at their own risk.

Groin protectors, shin guards (and breast protectors for female juniors, adults and veteran) must be worn under the clothes, breast protector for female kids is recommended.

Start:

The main referee will take his place in the middle of the competitors, facing the official table. He must check that his side-judges are ready to start, that the timekeeper and scorekeeper are ready to begin and that the match doctor is by the referee table or close by in the hall. Finally he should keep an eye on the visual score cards, that they are not showing points or warning, except in a team competition.

After the command “shake hands” or “touch gloves” or “bow” to the competitors he will start the match with the command “fight”.

Interruption:

If the main referee acknowledges a point scored by one of the competitors he has to raise his hand IMMEDIATELY then he will stop the fight saying “stop” and both competitors will return to their starting position. The match time is still running!

The main referee will also quickly return to his starting position and show with his hand in the direction of the competitor who has scored. He must look for his side-judges, and in case of a majority decision he will give the points and announce the score.

After giving the point he should start the competition again with the command “fight”. The main referee should always keep an eye on the referee table, to be sure that the visual scoreboard shows the correct points and warnings.

Important note: when the side-judges are not showing the point by raising their hands before the main referee stopped the fight the only possible decision is no score. To raise the hand or to show a point after the command “stop” is too late and illegal.

Apart from the referee, only the doctor / medic and supervisor can stop a competition. The coach may throw in the towel for his competitor, when he wants to retire from the fight. The referee has to stop the time if the competitor is outside of the area, for giving warnings, penalty points and additional 10 seconds penalty time, or when the equipment is not fitting well.

End of the Match:

The time of the fight is over when the timekeeper shouts “stop” and concurrently throws the bean bag on the fighting area. The fight is over in any case, when the main referee stops the fight finally with the command “stop” and not earlier.

The difference of 10 points in elimination fights ends a fight by TKO. i.e. -10 / 0 and 12 - /2 on international tournaments.

If there is a score in the time between the “end of time” and “end of fight” that score is valid. Main referee turns to the referee table, takes one hand of both competitors and shows the winner, announcing the final score.

Rules of Competitions

Scoring Area:

- a. Front, back and side of the head
- b. Front and side of the body
- c. Sweeps below mid calves
- d. Every action must be controlled and well timed
- e. Punch only a downed opponent within 3 seconds
- f. The referee will count until 3 in his mind before calling stop. In the event of a competitor falling on to the floor the 3 second rule applies.

Prohibited Actions:

- a. Sweep and kick to the knee and thigh (low kick).
- b. Kick and punch to the groin
- c. Kick and punch to the back of the body or to the top of the head
- d. Scratching, biting, spitting, verbal attacks to the referees or his opponent
- e. Kick and punch after stop called
- f. Uncontrolled actions

Leaving the fighting area or falling down to waste time. It is not usual to stop the time to give points, but the referee will stop time to give a warning or minus-point.

In Point-Fighting competitions only one coach is allowed and he/she is to stay seated. If the coach feels there has been an infringement of the rules, he may indicate to the center referee using the sig “T” for time. At no time may the coach enter the fighting area.

The referee may give a penalty point.

On each fighting area the referees also acts as the “ring inspector”. HE is responsible, that on his fighting area all WKC rules will be correctly applied. He is also responsible that neutral referees are on duty, depending on the competitors. (E.G. they are not from the same club/country.)

Points

The correct definition of a score is when: a legal technique hits a legal target area, with reasonable power. Also, the competitor scoring must remain on their feet. E.g. the technique must be completed to score, unless the competitor is thrown or pushed to the floor. Every clean and well controlled technique to a permitted target area and executed with light contact scores, according to the degree of difficulty, as follows:

All punches	1 point
Foot sweep	1point (you are swept if any other body part than your feet touch the floor and your balance is broken after opponent's attack and follow up by foot sweep is not allowed)
Sweep and punch follow up	2 points
Kick to the body	1 point
Kick to the head	2 points
Jump kick to the body	2 points
Jump kick to the head	3 points

Change of Rule / Additional Rules for Senior Points fighting only

Form of sweeping technique now allowed. The attacking fighter may touch the floor with his hands as an aid to perform the legal technique, but he may not go to ground. I.e. He must stay on his feet. Ground sweeps are not allowed.

Any Sweep 1 point

Follow up technique 2 points

(Hand technique only)

Scissor Take Down 2 points

(No followUp allowed)

Scorings:

The referees upon scoring will now count opinions not flags.

The scoring is done by the main referee following a majority system only.

When the referee or judges see a score they must indicate IMMEDIATELY. After each acknowledged technique the fight has to be stopped and the score announced. Points are awarded only by unanimous or majority decision of the referee and the judges (Score 3:0 or 2:1). If there is no majority decision the only possible score is: no score.

The main referee must in any case show his own opinion; he cannot give a score without raising his own hand to show the point before he stops the competition, if there is no majority.

For instance, if just one judge gives a point, the second judge shows “saw nothing” or “no score” and the main referee did not raise up his hand BEFORE he stopped the fight, the only possible decision is no score.

Example: if two judges see a clash and give points for both competitors, but the third judge gives points to just one of the competitors, the score is “no score” or the referee has to give score for both. We are counting the opinions of the judges but not their “arms and fingers”, that said, the majority decide “clash” (2:1)

In case of a clash, where both competitors have scored, the referee gives one point to each competitor.

To raise the hand or to show a point after the command “stop” is too late and illegal.

Exit rule: Exit means the whole foot must be outside the competition area. In case of an Exit the attacking competitor must remain in the area to score. If the defender steps out of the area the score is valid. If the main referee is not sure about his judges, he has to stop time and ask his judges again, afterwards command “score” and that score is final. This situation should not be very often. BUT, if the whole of the foot exits the fighting area, but then immediately returns, the Centre Referee may allow the match to continue to allow the fight to flow and not to take the advantage from the attacker.

Referees and judges possible opinions which must be shown with clear hand signs:

Opinion:

Yes, I saw the points.

Sign:

Raise the hand and show the score.

No, I saw nothing.	Both hands are crossed in front of the face.
Yes, I saw the movement	Both hands are crossed in front of the legs
But, there was no score	
Competitor stepped out of the area.	Point to the area line and move the arm
Both competitor scored (clash)	Raise both hands and show all points
Illegal techniques	Raise the arm and circle the hand

Additional possible hand signs for the main referee to use:

To give a warning or penalty point (minus point) to a competitor he must inform the competitor why he was penalised. He has to do this clearly and in an authoritative way.

First mention the foul and show the sign, whip your finger and say loud and clear: "NO"

Opinion:

Sign:

Contact too strong	Punch the fist in his own hand
Legal technique to a forbidden area	Show the forbidden area
Blind score	Turn the body and strike a punch
Holding or grappling	Hold his own arm and pull
Turning the body or running away	Similar
Speaking during the fight	Fingers and thumb open and close

In Point fighting there is no count.

Possible situations:

In the event of a strike that dazes an opponent the referee first of all has to stop the time, then he has to ask his judges "what did you see, was there a foul or not?" If the majority decide for "foul" the referee will penalise the offender. If they decide on "accident" there is no penalty.

If one of the competitors is injured, it is only the doctor's decision to stop the fight or the competitor himself or his coach wants to retire from the fight.

Referee cannot decide how seriously a competitor is injured. Referee must call the doctor!

If one of the competitors is injured and the fight is over because of a foul, the innocent competitor is declared as a winner. In case of an accident, the competitor with the highest number of points is declared winner. If a draw, the uninjured competitor is the winner.

If an athlete is out of condition, the referee will declare RSC, after discussion with his judges.

Warning and Penalty-Points

All infringements of the rules, depending on how serious they are, may or will result in warning, penalty (minus) point or even disqualification. Warnings will be carried throughout the match. Only team fights start again without warning from the fight before. Warnings for "Exit" will be kept separate from warnings for other offences.

It is up to the referee to give a minus-point instead of a warning, when in his opinion the violation was too tough. (Always falling down or wasting time).

If a competitor voluntary steps out of a fighting area or is refusing to fight the referee has the option, to add 10 seconds to the fight time. This is separate from other violations.

It is not usual to stop the time to give points.

The warnings and penalty (minus) points are given for using all illegal techniques or doing prohibited actions, as well as any illegal action from coaches.

The procedure for Warning is usually as follows in Pointfighting:

First warning

Second Warning

Third warning means first minus point

Second minus point means disqualification, the fight is over

The procedure for voluntary Exit is usually as follows in Pointfighting:

First warning

Second warning

Third warning means the first minus point

Second minus point means disqualification, the fight is over

Competition Safety Rules

The attendance of 1 doctor is compulsory at national and international tournaments and 2 doctors at World Championships'. First-aid team and ambulance is compulsory as well.

Competitors may only participate if they are completely healthy. Upon suspicion of illness a competitor must be examined by the on site doctor/medical team who will decide whether that competitor may participate or not. Their decision is FINAL.

Eyeglasses are forbidden; soft contact-lenses are possible but at the competitors own risk.

No local anaesthetics may be administrated immediately before or during a contest.

During any competition the doctor/medical team must remain at the fighting area near the timekeeper. Should the doctor/medical team not be present, the fight has to be discontinued until he returns.

The doctor/medical team may not leave the venue of a competition until the last contest has finished and after he has assured himself that no further medical attention is required.

Doctor/medical team decisions are in any case final decisions.

Protests and alteration of decisions in European and World Championships

The scoring of the referee and judges is final.

Protests against the decisions of a referee or judge can only be accepted in the event that the competition rules have not been correctly applied.

A judge's verdict, given at the conclusion of any match shall be binding and may be altered only in the event that the Head Referee and WKC supervisor deem that one of the following circumstances has occurred:

- a. A conspiracy has taken place or an illegal agreement has been entered into to affect the result of the match.
- b. A clear violation of the rules and regulations of the WKC, directly affecting the outcome of the match, has been perpetrated.

Protests shall be directed to the Head Referee and shall state the reason in proper manner for the complaint along with any supporting evidence that a wrong decision has been made (Video will be considered). The Head Referee will decide on the protest after hearing evidence from the protesting side and the referees concerned. (Video will not be accepted). His/her decision is final.

These WKC Point-fighting Rules are the current ones and will be in use at all WKC events worldwide.

W.K.C. Rules will be reviewed, revised, and updated (when and where deemed necessary) on an annual basis.

Adaptation of a form is acceptable, as long as the movements added are traditional in nature.
